## About TeamViewer

TeamViewer is a leading global technology company that provides a connectivity platform to remotely access, control, manage, monitor, and repair devices of any kind – from laptops and mobile phones to industrial machines and robots. Although TeamViewer is free of charge for private use, it has around 640,000 subscribers and enables companies of all sizes and from all industries to digitalize their business-critical processes through seamless connectivity. Against the backdrop of global megatrends like device proliferation, automation, and new work, TeamViewer proactively shapes digital transformation and continuously innovates in the fields of augmented reality, Internet of Things, and artificial intelligence. Since the company's foundation in 2005, TeamViewer's software has been installed on more than 2.5 billion devices around the world. The company is headquartered in Goppingen, Germany, and employs more than 1,500 people globally. In 2023, TeamViewer achieved a revenue of around EUR 627 million. TeamViewer SE (TMV) is listed at Frankfurt Stock Exchange and belongs to the MDAX. Further information can be found at <https://www.teamviewer.com/>.
